

EU Support for Climate Action in IPA II Beneficiaries

TRATOLOW – Transition towards the low emissions and climate-resilient economy in the Western Balkans and Turkey

Workshop on Monitoring and Indicators for Adaptation, July 6, 2022

Reference: EuropeAid/140519/DH/SER/MULTI

This project is funded by
the European Union

umweltbundesamt[®] **NIRAS**

The project is implemented by the Consortium of
Umweltbundesamt GmbH (lead) and NIRAS

Objective and Purpose - TRATOLOW

The **overall objective of the project** is to contribute to climate change mitigation and adaptation and the development towards a resource-efficient, low-emissions and climate-resilient economy

The purpose is

- To support the Beneficiaries to build their capacity for the implementation of the 2015 Paris Agreement and for the development of low emissions and climate resilient economies
- To enhance the regional exchange of information, best practices, peer-to-peer reviews, experience and awareness-raising between the IPA II beneficiaries and the Member States towards the implementation of Beneficiaries' commitments under the Paris Agreement

Adaptation Policy Cycle

<https://climate-adapt.eea.europa.eu/knowledge/tools/adaptation-support-tool>

Objective and Purpose - Workshop

- focus on latest developments of Monitoring and Indicators for Adaptation at national level
- raising the awareness for the need for adaptation indicators and monitoring
- share lessons learnt and discuss their approaches to commonly faced challenges
- provide a platform for exchanging experience and taking stock of recent developments on, and potential for future deployment of indicators and monitoring for climate change adaptation
- provide an interactive space where experiences and lessons learned from the speakers and participants can feed into Monitoring practice in Montenegro

- Introduction and objectives
- European Overview
 - Overview of Adaptation Monitoring and Indicators – lessons from emerging practice in Europe
- Activities in Montenegro
 - Overview of the national adaptation policies and efforts within the project “Enhancing Montenegro’s capacity to integrate climate change risks into planning” and National Monitoring, Reporting and Evaluation (MRE) framework for adaptation to climate change
- Experience from EU Member States in Monitoring and Indicators for NAS/NAP/SAP including relevant framing conditions
 - Experience in Monitoring and Evaluation of the NAS/SAP including relevant framing conditions from Finland
 - Experience in Monitoring , Indicators and Evaluation of the NAS/NAP including relevant framing conditions from Bulgaria and Moldova
 - Experience in Monitoring, Indicators and Evaluation of the NAS/NAP including relevant framing conditions from Austria
- Interactive discussion
